

# ONLINE RANGE

# RELAX IN LUXURY

The Online range is an exclusive range of hot tubs, offering customers a luxury living experience all year round.

Each hot tub manufactured as part of this range goes through a rigorous build and testing process, ensuring all products meet the highest of standards.

Using the latest technology, control panels and design aesthetics to create world-class products, everything we do is beyond expectations. Each hot tub is assembled with the highest quality acrylics, creating products that are built to last.

# QUALITY CONTROL

The Online range is manufactured with Gecko control systems, recognised globally for their quality and innovation.

Using the latest cutting edge technology. With LED screens and user friendly directional keypads, you have ultimate flexibility in creating the perfect hot tub experience.

Gecko k300

Gecko k800

# BUILT IN BLUETOOTH

Sit back, relax and listen to music, podcasts or a radio station. All products come as standard with a built in Bluetooth speaker or transducer.
